

The *Print* **MISER** difference...

With the **Print MISER** program we can provide you with sales, service and support for all your copying, printing, scanning, and faxing needs. By combining all your systems into one program, we can improve your document workflow, reduce your operational costs, and deliver a greater level of customer care. Why deal with multiple vendors, service providers, supply sources, and billing departments when we can offer you our total solution? Join the growing number of businesses who already enjoy our quality products, service and support.

TOTAL SOLUTION: One vendor, one service provider, one supply source and only one invoice.

IMPROVED WORKFLOW: We will review your current workflow processes to reveal any device redundancies plus the flexibility to allow for any changes and projected growth.

REDUCE COSTS: An evaluation of your workflow processes will determine your specific needs. Our proposed solution "will be equal to or greater than" your current scenario all the while lowering your total spend. **GUARANTEED...**

TECHNOLOGY PARTNERS: All of our product offerings are "State-of-the-Art" from industry leaders like **SAVIN, Panasonic, Hewlett Packard, Lexmark, DocStar** and **Kyocera**.

CUSTOMER CARE: Our dedication to your total satisfaction begins when we first meet all the way through the life cycle of the products and services you purchase from us. The range of our product and service offerings truly gives you the many advantages of "one-stop shopping"

Here's how it works...

OUTLINE: We work with you to get an understanding of your business goals and objectives to determine your current document and device needs as well as projected needs.

REVIEW: Our next step is to determine if your existing devices and processes will adequately meet your goals and objectives.

PROPOSED SOLUTION: Based on our understanding of your expectations and your current products and processes we will prepare our suggestions for improvement. Our goal of this strategy is to lower your total spend, improve your products and processes and still preserve your company's culture.

SUPPORT: Upon completion of the installation of our solution we will establish agreed upon time frames to review your product and process performance and will continue to work to identify additional improvement opportunities.

Print MISER...the total solution to manage all your document needs.
